W. & A. K. JOHNSTON'S

NEW THREE MILES TO INCH MAP OF SCOTLAND

THIS important Map of Scotland comprises Sixteen Sheets, each Plate measuring 18 by 23. It is engraved from the latest Ordnance Survey, Checked and Corrected with the assistance of Residents in nearly every town and village in the country. In this way many important corrections and omissions have been obtained, making the complete Work thoroughly up to date in every respect, and the most perfect Map which has yet been engraved.

The Geographical features are shown in three different colours—the *Black* shows all the names of Places, Estates, Antiquities, and Objects of Interest to Tourists, also Outline of Roads and Railways; the *Blue* shows all the Rivers and Canals with their names, County Boundaries, and Steamer Routes; and the *Brown* shows all the names of Hills and Glens, the contours for every 500 feet, and the Heights above Sea-Level. The Roads are also filled in in this colour, making them prominent. The Counties are also distinguished by different colours, and all Water is coloured Blue.

The Map will be found invaluable for the ordinary purposes of reference, and for the Cyclist and Tourist nothing better could be desired.

The Price of each Sheet, on tough paper 20 by 25 inches, and in Cloth Case is *ONE SHILLING.*

Or mounted on Cloth and in Case, 1s. 6d.

REVIEWS.

"Are wonderfully distinct alike as regards names of places and cycling roads."—*Glasgow Herald.*

"The cheapness, handiness, and accuracy of these maps ensure for them a high measure of favour."—*The Scotsman.*

"Is clearly and beautifully printed."—*Glasgow Evening Citizen.*

PREFACE NOTES.

THE PROPRIETORS of the 'EDINBURGH AND LEITH POST-OFFICE DIRECTORY' beg to express their thanks to their numerous subscribers, and to the community at large, for the liberal patronage bestowed by them on their publication during the long period of ninety-four years.

It has ever been their desire that the information given in the annual issue of the book should keep pace with the progress and general requirements of the community, and every effort has been made to render the work as accurate and complete as possible; they do not, however, hold themselves responsible for any error or omission.

In order further to enhance the usefulness of the book, the various Suburban Districts around the City are given, revised and corrected up to date. The Suburban Districts annexed to the City are now incorporated with the Edinburgh and Leith portion. A useful and complete list of the Telephone Call Offices in the City and Suburbs is given, and will be found to follow the General Directory; for the number of page, see Index.

Attention is specially drawn to the fact, that within recent years the Portobello Directory has been completely rearranged. The General Directory of Portobello, which formerly followed the Edinburgh and Leith General Directory, was by request removed therefrom, and made to follow the Edinburgh and Leith Streets Directory; and just two years ago, Portobello which formed part of the County Directory, was removed from the County, and compiled in a separate section; the Map of Portobello, and the General, and the Streets belonging thereto, are thus made to follow the Edinburgh and Leith Streets portion, and will be found on page 631. The advantage afforded by this arrangement is to conserve the work into one place, and give more prominence thereto. It will also be found that the Map of Portobello, arranged as it is, comes more readily to hand.

The Proprietors are pleased to say that these changes have been well approved of, and have given the utmost satisfaction.

The large Map of the City, from actual survey by W. & A. K. Johnston, Edinburgh, has been generally improved upon and brought up to present date.

The new City Wards which are now being formed, and which will come into operation for Municipal purposes in November next, are shown on the Map, but in the Streets Directory the numbers of the present Wards are adhered to for Parliamentary purposes; reference is therefore made to the Map for the corresponding numbers and positions of the new Wards.

The Proprietors wish gratefully to thank the gentlemen connected with the various Institutions for the very useful information so promptly and willingly supplied to them.

The Map has been placed at the end of the volume so that it may be used with facility, without injury to the leaves or to the binding.

Notwithstanding the amalgamation of Portobello and other districts with Edinburgh, these places are still treated for all POSTAL PURPOSES as formerly, and are not included in the ordinary deliveries from the General Post Office.

All communications on Directory business should be addressed to the Editor, as below; such will receive careful and prompt attention.

EXPLANATION.—In the Left-hand Table are the years of the Century, and above each is the Dominical Letter corresponding with that Year. Then, opposite to the Month, at the foot of the Right-hand Table, will be found a corresponding Letter, over which are placed the Days of the Month and Week for that Month (distinguishing the Sundays by a different type). Each Blank Space in the Left-hand Table shows the Year following to be Leap Year; and as every Leap Year has two Dominical Letters, the Letter above the *Blank Space* must be used for January and February in every Leap Year; and for the other months, use the Letters belonging to the respective Years.

By transposing the Dominical Letters, this Calendar would answer for any Century.
